FALL/WINTER 2015

CONFIDENT WHEN IT MATTERS

HELLY HANSEN CATWALK

Scandinavian Design is the cornerstone in all Helly Hansen gear. The optimal combination of purposeful design, protection and style. This is why professional mountain guides, patrollers and discerning enthusiasts choose Helly Hansen.

HELLYHANSEN.COM

CONFIDENT WHEN IT MATTERS

CONTENT

When those endless Scandinavian summer days start fading, we gladly welcome the cool, fresh air, and start longing for the bright fall colors to grace our landscape. We won't be caught unprepared this year, even though the snow has an uncanny way of showing up when we least expect it.

At Helly Hansen Footwear we never stop improving and challenging. The norms, and FW15 is no exception; This Fall and Winter we offer you more newness, and versatility than ever before. Our aim is to provide the most stylish, and well-built weather protective footwear you could ever imagine, and the men's 'Stockholm' boot is the perfect example of that; We hereby invite you to team up with helly Hansen, and explore the nature of your city, come rain or shine, snow or ice.

Welcome King Winter, we are ready for you!

TRAIL RUNNING

KEY TECHNOLOGIES

Our advanced EVA midsole helps slow down the rate of pronation (inward roll of the foot) and allows for a smoother transition from heel to toe.

A Technology that we use inside our shoes to prevent any build-up of bacteria that causes odor.

Infinity Fit™ is based on our anatomically shaped lasts which provide comfort for multiple foot types. The Infinity Fit™ lasts work in combination with staydry technologies such as LIFA®Inside, the highest possible fabric and material specifications, as well as industry leading quality assurance processes.

Helly Hansen's proven, waterproof and breathable fabric technology for outerwear now ensures that your feet stay dry and fresh.

Is a high abrasion TPR/Synthetic material found in all high-wear areas on our shoes. This light weight, and sturdy application will keep the shoes intact, and your feet well protected against hard and sharp objects for a prolonged period of time.

By combining our experience from stormy water and rough outdoor trail, we have come up with a new outsole material that will provide you with the best grip and durability on wet rocks and trails.

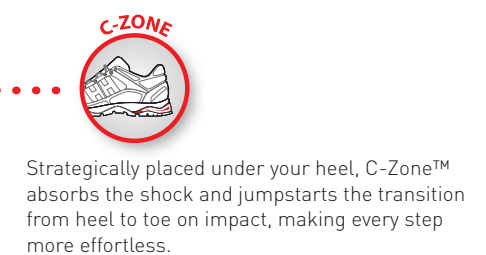

Anatomically placed grooves which allow the forefoot to bend and flex naturally leaving you a smoother, and more natural stride.

Located under the forefoot for cushioning and energy return, C-Zone+™ absorbs shock, and due to its high energy return rate helps propel the user through toe-off.

A hard plastic TPU shank that adds durability to the structure of the midsole, and prevents the shoe from twisting through the gait-cycle.

An outsole material made from carbon rubber that allows for long lasting traction in tough terrain. More durable than just about any rubber.

Strategically placed under your heel, C-Zone™ absorbs the shock and jumpstarts the transition from heel to toe on impact, making every step more effortless.

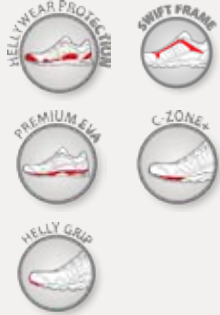

MEN’S RUNNING
ROAD & TRAIL

Description:
Helly Hansen is the provider of the best outdoor gear on the market, and this supportive, mid-cut walking boot for women offers all the versatility, comfort and protection you desire. Our unrivalled waterproof Helly Tech® Performance membrane technology will keep your feet dry, while the combination of the Helly Wear toe/heel cap and premium leather upper offers the perfect combination of protection and comfort when hiking.

10900 W ODIN FLOW HIKER HT

Sizes: 5.5F - 6F - 6.5F - 7F - 7.5F - 8F - 8.5F - 9F - 9.5F - 10F
Colours: 990 BLACK / MAGENTA / CHARCOAL

Description:
Odin Flow Hiker is the ultimate hiking boot for recreational and advanced hikers, offering superb cushioning and stability control. The H_Flow™ lining provides great temperature control, whilst the seamless upper gives you all the support needed whilst assuring no extra weight is added. The sturdy, yet light-weight toe-and heel cap will keep your feet well protected from the elements. The mid-sole features C-Zone cushioning in the heel for shock absorption, and C-Zone + cushioning in forefoot to help you with all the extra toe-off energy needed during long hikes. The full-length footbed plate provides all the stability and protection you'd ever want. Odin Flow Hiker is the most exciting new waterproof hiking product out on the market this fall...get ready to shift your preferences and add new HH hiking gear to your favourites list!

MEN'S
SAILING

10832 HYDROPOWER 4

Sizes: 7 - 7.5 - 8 - 8.5 - 9 - 9.5 - 10 - 10.5 - 11 - 11.5 - 12 - 13
Colours: 597 NAVY / WHITE/ SILVER

Description:
The Men's Hydropower 4; one of the world's best selling and most versatile sailing shoes has become even better. This low-cut features open-mesh construction that enhances breathability, and flexibility, whilst the engineered structural overlays protect the feet from both deck hardware and rocks. It has a comfortable, internal, moulded EVA removable midsole which boasts a quick-drying and antibacterial surface. This sleek performance shoe is designed for all watersport activities and has a best-in-class outsole with superb grip for boat decks.

10938 AEGIR OCEAN BOOT GAITOR

Sizes: 7.5 - 8 - 8.5 - 9 - 10 - 11 - 12 - 13
Colours: 597 NAVY / OFF WHITE / SILVER
990 BLACK / OFF WHITE / LIME

Description:
The men's Aegir is a high performance Ocean Racing boot for the professional sailor looking for the best in class weather protection, grip, insulation and comfort. Fully waterproof, rubber upper with a protective, and abrasion resistant gaiter. Flexible and light weight sole unit featuring HellyGrip rubber for great multi-traction performance on deck.

As a Scandinavian company we’re extremely passionate about the outdoors and we’re committed to running an environmentally aware business. And while we’ve taken some significant and meaningful steps forward we know that we can and need to be better.

Within a global economy it can be difficult to understand the environmental impact of our choices particularly around fabrics and materials.

Things aren’t always as they seem. Several years ago we committed to working with bluesign® technologies ag to help guide us in our choices and to ensure we stay on the path toward an environmental-ly friendly business. The blue-sign® represents the strictest standard for environmental sustainability in the global textile industry. You can learn more about the bluesign® standard at **www.bluesign.com**

Helly Hansen fulfils all obligations regarding the EU REACH regulations.

BRAND CSR POSITIONING STATEMENT

«As a Scandinavian company we’re extremely passionate about the outdoors and we’re committed to running an environmentally and socially aware business. Be Good Be Nice is a simple yet holistic summary of our approach. It reflects how we work how we engage with our internal and external communities and how we think of the environment. Be Good Be Nice is a philosophy put in action – and a trail marker on a journey. And while we’ve taken some significant and meaningful steps forward we know that we can and must continue to challenge ourselves and our communities to make more and further reaching progress».
